- 23 Quota - Subtract your handicap from 36. This becomes the "quota" that you must meet. You get 8 points for an eagle, 4 points for a birdie, 2 points for a par, 1 point for a bogie. These are based on gross scores on each hole. The goal is to get more points than your quota. The person with the MOST points OVER their quota wins. Example; You are a 16 handicap. 36 minus 16 is 20. 20 is your quota. If you get 6 pars times 2 and 9 bogies times 1, you have 12 + 9 = 21 points. You beat your quota by +1.
